[3/19/21, 11:30:30 AM] Brad: Are they marked Chemo on the box?

[3/19/21, 11:30:56 AM] Mendel: They don't need to be... just the certificate is good enough...

[3/19/21, 11:31:17 AM] Mendel: The same way FDA, 510k & ASTM works

[3/19/21, 11:31:33 AM] Mendel: Chemo rating is an ASTM certificate

[3/19/21, 11:31:54 AM] Brad: It's nice, however our client won't care unless clearly marked on box

[3/19/21, 11:32:13 AM] Mendel: Regular exam grade gloves are ASTM 6319 Chemo grade gloves are ASTM 6978

[3/19/21, 11:32:34 AM] Brad: Is it 6978 on the box?

 [3/22/21, 5:38:40 PM] Arik Miami: We don't need that help anymore. We needs to finish the deal we discuss yesterday and I am waiting for your answers we discussed. \$14 is losing money and I don't think you should bring that again as it's hurt the relation and the vibe.

 [4/26/21, 12:18:01 PM] Tommy H. Kato: Mendel how could have approved to give us a different brand of gloves!?

This just caused us a major issue with our client.

We did not agree or authorize this. This is a direct violation of our agreement.

This is causing us serious damages.

[4/26/21, 12:19:59 PM] Mendel: Hi Tommy, i just got off the phone with my partner and Arik, it was 100% a warehouse mistake, i never approved anything, i wouldn't mess up like that or ever try to pull that off..

[4/26/21, 12:23:36 PM] Mendel: I'm really sorry this happened...we told Arik its on us... and we will take care of it ASAP - get it picked/ and as soon as we get the actual count from you guys...

[4/26/21, 12:24:09 PM] Tommy H. Kato: This just caused a serious problem. Now we can get paid as soon as we drop off now.

Now we have to wait days to get paid after they check them

[4/26/21, 12:27:58 PM] Mendel: i'm really sorry to hear that...this is an honest mistake from the warehouse's part..

[4/27/21, 2:18:57 AM] Mendel: Hey guys, this report just came in from the warehouse
The below is the break down for the master cartons of what was shipped for LevMed in error

1st truck

Sm – 140

Med – 475

Lg – 675

XL – 170

2nd truck

Sm – 140

Med – 475

Lg – 420

[4/27/21, 2:19:32 AM] Mendel: Please let us know where we can pick it up or if you're able to ship it to us and we will cover the shipping charge as promised

[4/27/21, 5:41:58 AM] Brad: Good Morning Mendel, this is a disaster for us. Our client has entered this glove into their warehouse as our order for MedCare gloves (as they didn't know what Levmed is and it came off our truck), they have shelved it and we are being told to provide documents for this glove. This is a horrible situation as they have demanded it's more of a hassle for them to pull the gloves out of the warehouse and it's our problem now. I need documents of the Origin and quality of this glove as nothing shows on a google search?

[4/27/21, 5:44:29 AM] Brad: Furthermore, this has created great tension with our client. We need immediate response from your team to identify this glove.

[4/27/21, 5:52:17 AM] Brad: The bigger issue is identifying how this happened and making sure it doesn't happen again? The incompetency of your warehouse has created this situation and the outcome is uncertain. We can discuss more as it unravels, first thing you need to do is get the paperwork on the glove.

[4/27/21, 6:49:01 AM] Mendel: Gm, I agree this is unacceptable... I'll work on getting the paperwork ASAP, but this is not our product...

[4/27/21, 8:27:36 AM] Brad: I know. It's a fricking disaster.

[4/27/21, 8:29:25 AM] Brad: Please try to identify the owner of the gloves and the paperwork (would have been needed to clear customs)

[4/27/21, 8:41:28 AM] Mendel: Yes of course that's my goal for this morning

[4/27/21, 2:01:45 PM] Brad: Wiring \$345 now

[4/27/21, 2:03:08 PM] Brad: Sending truck now. Will wend wire confirmation shortly

[4/27/21, 2:03:30 PM] Brad: Send wire confirmation shortly

[4/27/21, 2:04:24 PM] Brad: Mendel, please call warehouse and prepare 1 container of MedCare gloves.

Also, have you been able to get information on LevMed gloves. Need this immediately

[4/27/21, 2:04:42 PM] Brad: We plan on picking up 4-5 containers tomorrow as well.

[4/27/21, 2:05:33 PM] Mendel: Great, thanks

[4/27/21, 2:06:55 PM] Mendel: I spoke to Arik in the last hour and told him that these don't belong to us, when we reached out to the owner for the paperwork he was adamant at getting them back to the warehouse as these belong to his customer... the warehouse made a huge mess up here, they have taken

full responsibility for this but unfortunately the gloves need to go back

[4/27/21, 2:07:04 PM] Mendel: Great

[4/27/21, 2:20:14 PM] Brad: And let mendall know to inform Louis at MB3PL to release the freight to Dimerco. I'll take over from there

From our freight forwarder

[4/27/21, 2:21:01 PM] Brad: Did you get the paperwork ?

Not sure those gloves are coming back. It's a disaster for us to get them out.

[4/27/21, 2:35:10 PM] Brad: <attached: 00000398-PHOTO-2021-04-27-14-35-09.jpg>

[4/27/21, 2:39:03 PM] Mendel: On it, thanks

[4/27/21, 3:38:35 PM] Brad: Our truck is waiting

[4/27/21, 3:38:43 PM] Brad: Please release goods

[4/27/21, 3:48:28 PM] Mendel: Yes released

[4/27/21, 3:48:54 PM] Arik Miami: Thanks Man

[4/27/21, 3:50:37 PM] Mendel: I spoke to him a few minutes ago we're all clear

[4/27/21, 3:53:13 PM] Arik Miami: Yep Same page. I'm working on your other problem. It's not easy but I'm on it Mendel. Ty

[4/27/21, 3:54:01 PM] Mendel: Thanks

[4/28/21, 1:34:41 PM] Brad: Mendel, very important we get the documents for the LevMed gloves. What have you found out?

Our cash flow is being crippled as our client won't pay us until this is resolved.

[4/28/21, 1:35:15 PM] Mendel: Working on this, in meeting about this as we speak, give me a bit please

[4/28/21, 1:40:09 PM] Brad: Please try to expedite. Our client won't pay us until resolved. It's a disaster

[4/28/21, 1:42:02 PM] Mendel: On it

[4/28/21, 1:52:06 PM] Mendel: I'm sorry I wish there was something more we could do about this, but these are not our goods, the owner doesn't want to give us the paperwork, we cannot keep them, they do not belong to us.

[4/28/21, 1:52:25 PM] Mendel: This is the final conclusion.

[4/28/21, 1:55:11 PM] Mendel: whats with the 5 container pickup for today?

[4/28/21, 1:55:46 PM] Brad: Ok. Start the process of making a claim against the warehouse. Goods aren't being returned.

[4/28/21, 1:56:32 PM] Brad: This disaster has crippled our dash flow and there needs to be resolution and accountability from your team.

[4/28/21, 1:56:55 PM] Brad: Because of this mess, we can not buy containers today.

[4/28/21, 2:00:49 PM] Brad: Please call to discuss. This mess caused on your side needs to be resolved immediately before moving forward.

My suggestion is your team pays the owner of the LevMed gloves as you were paid already. Secondly, release another container of MedCare gloves today. I will have or logistics pick up immediately as we have already paid for them.

[4/28/21, 2:01:14 PM] Brad: We are one container short from what we have paid.

[4/28/21, 2:11:36 PM] Brad: Need to get truck there immediately. Call warehouse to arrange and confirm

[4/28/21, 3:40:02 PM] Brad: Mendel, waiting for a call back.

[4/28/21, 4:16:54 PM] Tommy H. Kato: Arik we are going to have to retain our lawyers to terminate this contract and get our deposit back.

We are owed 30,000 boxes, you gave us the wrong product and those gloves were already distributed to the hospitals.

[4/28/21, 4:18:04 PM] Tommy H. Kato: The lawsuit is going to be with Adorama, that's the who is on the contract. Is Adorama aware of the lawsuit you guys are getting them in now?

[4/28/21, 4:18:22 PM] Tommy H. Kato: Brad has been trying to call you all day. Now it's escalated.

[4/28/21, 4:19:08 PM] Tommy H. Kato: Or should we call Hershal directly?

[4/28/21, 4:20:07 PM] Brad: Mendel, when will you have the documents for LevMed?

[4/28/21, 4:28:07 PM] Mendel: Hey Brad, I'm working through this

[4/28/21, 4:28:17 PM] Mendel: Gimme a bit
 [4/28/21, 4:28:33 PM] Mendel: We'll resolve before the end of the day

 [5/26/21, 3:08:04 PM] Brad: We will be canceling 6 appointments with our client. Not good for us.

Not good for any of us....

[5/26/21, 3:31:49 PM] Mendel: No 1 an additional load

[5/26/21, 3:32:16 PM] Mendel: We had no idea that you made appointments....

[5/26/21, 3:40:28 PM] Arik Miami: Let's pass tomorrow like we all seams nervous and I assure everyone that it's all good and no Issue. Please let's stop all the drama. Both side made great support to each other here and we don't need to have any bad feeling. We should all be proud of this relationship level.

[5/27/21, 8:40:12 AM] Brad: Wire request sent for \$2,070,000 for 6 containers.

\$198,435 trucking being paid to attorney office as well.

Mendel, the trucking costs are WAY too high. Since this is our cost, we really would prefer to negotiate the trucking price. We pay significantly less for our trucking and seeing these rates is shocking. Please advise a better strategy or we will have to pick up in LA. We can't afford to throw additional 50-75k plus out the door based on this bill.

[5/27/21, 8:40:33 AM] Brad: Good Morning Fellas, forgot that part. Been up since 4am

[5/27/21, 8:41:08 AM] Mendel: Gm

[5/27/21, 8:41:32 AM] Mendel: We'll discuss this in depth ASAP/this am

[5/27/21, 8:42:05 AM] Mendel: Lmk when you have the wire confirmation so I can reach out to Adorama... to confirm thanks

[5/27/21, 8:42:14 AM] Brad:

[5/27/21, 9:00:45 AM] Brad: Mendel, our accountant asked for invoices, please send actual invoices for trucking so our accounting can match. Also, we are gathering an accounting of what we paid for and actually picked up. We pick up anywhere from 2700 to 3000. Therefore we will be short and need to pick up remaining amounts owed.

[5/27/21, 9:06:23 AM] Brad: Lastly, we can't do Laredo anymore. Too close to Mexico border and no truckers want to go there to pick up. At this point, I prefer our truckers to pick up from LA.

[5/27/21, 11:22:55 AM] Brad: From Dimerco:

We literally cannot provide a packing list unless Mendel provides it to us.

Under normal circumstances the supplier needs to provide rock Fintek with the commercial invoice and packing list so you know exactly what you are paying for each load.

Mendel, we are doing our accounting for what has been delivered. All trucks are sealed and delivered, thus we can only rely on our client count. We will provide when complete and schedule pick up of outstanding amount.

In the meantime, we can't be in the dark on what is on our trucks. That leaves us only to rely on our client count.

[5/27/21, 11:24:30 AM] Mendel: Hey, please email Hershey (his assistant/Bookeeper) he has a log of every single truck with exact breakdowns of sizes & qty's per truck with load number and all

[5/27/21, 11:25:36 AM] Mendel: It's a bit late for that to my knowledge & as per Tommy's request on Friday to stop sending all loads to Chicago and send everything to Laredo

[5/27/21, 11:25:56 AM] Mendel: Of course

[5/27/21, 11:28:06 AM] Mendel: Also per the request we got from you guys you wanted us to move all loads closer to the customer to alleviate the extra time in transit/the cash flow

[5/28/21, 8:28:18 AM] Tommy H. Kato: Mendal, Problems like these are going to make us incompetent and will not be good for us to get future orders.

[5/28/21, 10:47:50 AM] Mendel: I just hung up with the warehouse in Texas Chicago and LA every single trucker picks up a BOOL with the exact breakdown on it and our warehouse double confirms to make sure that every single load is loaded & if there are any changes they're written on the BOL

[5/28/21, 10:58:54 AM] Brad: <attached: 00000862-PHOTO-2021-05-28-10-58-54.jpg>

[5/28/21, 10:59:20 AM] Brad: Need Packing List for every load

[5/28/21, 10:59:38 AM] Brad: Send me BOL's

[5/28/21, 11:00:01 AM] Brad: And packing lists for each container and pick up
 [5/28/21, 11:00:17 AM] Brad: That packing list should have key details: pallet count, carton count, and the sizing breakdown (carton count for each size)
 [5/28/21, 11:00:35 AM] Brad: When we are sending our trucks to the warehouse, we don't know what we are picking up at all.
 [5/28/21, 11:01:14 AM] Brad: This is an elementary trucking and logistics request. Why is it so difficult?
 [5/28/21, 11:04:28 AM] Brad: Also, need the trucking invoices. Our accounting department needs to audit kitchen winners bill. This is a pass through cost to us, so we need all documents. Since we paid the bill already, please provide immediately.
 [5/28/21, 11:05:38 AM] Brad: We have to button up the process. We have a deadline and our client is demanding we have accurate information for our deliveries. It's a simple request. Need packing list for each truck.
 [5/28/21, 12:08:06 PM] Tommy H. Kato: Mendal the 5 containers are going to be released?
 Please call Brad ASAP
 [5/28/21, 12:13:19 PM] Mendel: I'm waiting since 8 am to find out what payments were getting today, we were supposed to get paid for 9 loads yesterday and we only received payment for 6, Hershey will only be available for 1 Hour or so...as he's in London and Shabbat is coming up
 [5/28/21, 12:26:55 PM] Brad: Banks closed Monday, will have funds available Tuesday for other 3
 [5/28/21, 12:31:59 PM] Brad: <attached: 00000874-PHOTO-2021-05-28-12-31-59.jpg>
 [5/28/21, 12:33:53 PM] Arik Miami: Bead call me please
 [5/28/21, 12:44:29 PM] Brad: Fellas, it's very very difficult to get trucks down to Laredo to pick up cargo.
 [5/28/21, 12:44:42 PM] Brad: Having our trucks turned away is a nightmare
 [5/28/21, 12:45:18 PM] Brad: The truckers dont want to be there anyway.

Mendel, can you please release the 5 containers agreed yesterday

[5/28/21, 1:21:49 PM] Mendel: 5 loads released in Texas

 [6/1/21, 7:10:52 AM] Brad: We have to show the packing list for each delivery we made. Very important.

Also, accounting has to have truck invoices. Since we paid this bill and you sent your accounting on Kitchen Winners invoice, should be super easy to send the file with invoices.

[6/1/21, 7:13:53 AM] Brad: We will discuss payment today as well. We are doing accounting on our initial deposit and rebate to calculate the last part of our contract. We are getting close to the end.
